Report on the Financial Statements

We have audited the accompanying cash basis financial statements of the business-type activities of The Joint Board of the Lake Ozark - Osage Beach Sewage Treatment Plant (the "Board"), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

PARTNERS

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note I; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the business-type activities of The Joint Board of the Lake Ozark - Osage Beach Sewage Treatment Plant, as of December 31, 2015, and the respective changes in cash basis financial position for the year then ended in accordance with the cash basis of accounting described in Note I.

Basis of Accounting

We draw attention to Note I of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to that matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board's basic financial statements. The management's discussion and analysis and statement of revenues collected, expenses paid and changes in net position arising from cash transactions – with budget comparisons, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The statement of revenues collected, expenses paid and changes in net position arising from cash transactions - with budget comparisons is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the statement of revenues collected, expenses paid and changes in net position arising from cash transactions - with budget comparisons is fairly stated in all material respects in relation to the basic financial statements as a whole.

The management's discussion and analysis has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 2, 2016, on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

**THE JOINT BOARD OF THE LAKE OZARK - OSAGE BEACH
SEWAGE TREATMENT PLANT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2015
(UNAUDITED)**

As management of the Joint Board of the Lake Ozark-Osage Beach Sewage Treatment Plant, we offer readers of the Board's financial statement this narrative overview and analysis of the financial activities of the Board for the calendar year.

Financial Highlights

- The assets of the Joint Board of the Lake Ozark-Osage Beach Sewage Treatment Plant exceeded its liabilities at the close of the most recent calendar year by \$629,985 (net position). Of this amount, \$450,784 was restricted for equipment replacement, and \$179,201 was unrestricted and may be used to meet the government's ongoing obligations to citizens and creditors in accordance with the Board's fund designation and fiscal policies.
- The Board's total net position increased by \$145,726.
- Total revenue decreased .34% from \$584,399 FY2014 to \$582,400 FY2015. Revenue from the City of Lake Ozark based on actual measured flows to the plant for the year was \$72,828 (13%) and Osage Beach was \$477,172 (87%). Waste Haulers' Fee revenue was down 5.65% primarily due to a delay in payment from one hauler.

Total operating expenses decreased 12% from \$496,311 FY2014 to \$437,048 FY2015. The reduction of expenses is primarily due to a reduction of legal fees incurred during the year. Electric expense increased 9% but kilowatts used only increased 3%. The painting of Building #5 was completed during the year.

The seven years of litigation with the Land Reclamation Commission and Magruder Limestone Company is drawing to a close. The Board's appeal was argued before the Missouri Court of Appeals for the Western District on May 26, 2016 and the board is awaiting the decision. The board will ask for a trial court ruling on the pending motion for attorney fees after the appellate court ruling.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Board's basic financial statements. The Board's basic financial statements are comprised of two components: 1) proprietary fund financial statements and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**THE JOINT BOARD OF THE LAKE OZARK - OSAGE BEACH
SEWAGE TREATMENT PLANT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2015
(UNAUDITED)**

Proprietary Funds - The Board maintains one type of proprietary fund. The Board uses an enterprise fund to account for its sewer operations.

The proprietary fund financial statements are designed to provide readers with the broad overview of the Board's finances in a manner similar to private-sector business.

The Statement of Net Position presents information on all of the Board's cash basis assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator to whether the cash position of the Board is improving or deteriorating.

The Statement of Activities presents information showing how the Board's cash basis net position changed during the fiscal year. All changes in cash basis net position are reported when cash is received and expended.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 10-15.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents a budget comparison. The budget comparison can be found on page 16 of this report.

I. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Reporting Entity

The Organization was formed in 1984 under authorization set forth by Section 250.20 of the Revised Statutes of the State of Missouri as amended. The purpose of the Organization is to operate and maintain a sewage treatment plant owned by the cities of Lake Ozark and Osage Beach.

The Board has developed criteria to determine whether outside agencies, with activities which benefit the patrons of the Board, should be included within its financial reporting entity. The criteria includes, but is not limited to, whether the Board exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters), scope of public service, and special financing relationships.

The Board has determined that no other outside agency meets the above criteria, and therefore, no other agency has been included as a component unit in the Board's financial statements. In addition, the Board is not aware of any entity which would exercise such oversight which would result in the Board being considered a component unit of the entity.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements.

The accounts of the Board are maintained, and the accompanying financial statements have been prepared, on the cash basis of accounting. Therefore, revenues and expenditures are recognized only when collected or paid, and receivables and accrued liabilities are not reflected in the financial statements.

The Board distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Board's principal ongoing operations. The principal operating revenues of the Board's enterprise fund are fees charged to the cities of Osage Beach and Lake Ozark, and waste handling fees. The principal operating expenses of the Board are contract management, hauler fees and insurance. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses. The Board first utilizes unrestricted resources to finance qualifying activities. Amounts reported as program revenues include user fees.

**THE JOINT BOARD OF THE LAKE OZARK – OSAGE BEACH
SEWAGE TREATMENT PLANT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

I. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (continued)

Cash and Investments

Cash consists of amounts in demand deposits and certificates of deposit. The Board considers all highly liquid investments maturing within three months to be cash equivalents. Cash balances are invested to the extent available. Investments include certificates of deposit. Investments are stated at cost or amortized cost.

State statutes authorize the Board to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements and the State Treasurer's Investment Pool.

Restricted Assets

Certain resources are classified as restricted assets on the balance sheet because their use is limited by applicable organizational agreements.

Capital assets are charged to expenditures as they are paid. Capital improvements, equipment reports the cost of property, plant and equipment.

Budgets and Budgetary Practices

The board members are responsible for the approval of an annual operating budget. A formal budget was adopted November 18, 2014. The Board was in compliance with State statutes in accordance with Sections 67.010 to 67.080, RSMo 1986.

Compensated Absences

The Board has no policy providing for compensated absences.

**THE JOINT BOARD OF THE LAKE OZARK – OSAGE BEACH
SEWAGE TREATMENT PLANT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

II. DETAILED NOTES ON ALL FUNDS

A. Cash and Investments

The Board complies with various restrictions on deposits and investments which are imposed by state statutes as follows:

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits.

Investments - The Board may purchase any investments allowed by the State Treasurer. These include (1) obligations of the United States government or any agency or instrumentality thereof maturing and becoming payable not more than three years from the date of purchase, or (2) repurchase agreements maturing and becoming payable within ninety days secured by U. S. Treasury obligations or obligations of U. S. government agencies or instrumentalities of any maturity, as provided by law.

Deposits:

The Board's deposits, including restricted assets, are stated at cost and are composed of the following:

	Maturity Date	Carrying Value
Deposits:		
Demand deposits		\$ 328,918
Time deposit	01/29/16	100,712
Time deposit	10/27/16	200,355
Total deposits		\$ 629,985

Custodial Credit Risk. Deposits in financial institutions, reported as components of cash and investments, had a bank balance of \$629,985 at December 31, 2015, which was fully insured by depository insurance.

Investment interest rate risk. The Board has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Maturities of investments held at December 31, 2015, are provided in the previous schedule.

Investment credit risk. The Board maintains cash deposits and investments which are authorized by the Board. The Board invests idle funds in certificates of deposit.

Concentration of investment credit risk. The Board places no limit on the amount it may invest in any one issuer. At December 31, 2015, the Board had no concentration of credit risk.

**THE JOINT BOARD OF THE LAKE OZARK – OSAGE BEACH
SEWAGE TREATMENT PLANT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

II. DETAILED NOTES ON ALL FUNDS (continued)

B. Restricted Assets and Net Position

The 1984 agreement for Joint Design, Construction, Ownership, Operation and Maintenance of the Lake Ozark - Osage Beach Sewage Treatment Plant established amounts required to be deposited in an equipment replacement account. All required deposits to those accounts have been made. The restrictions are as follows:

	Restricted Cash and Savings	Restricted Net Position
Equipment Replacement Account	\$ 450,784	\$ 450,784

C. Expense Allocation

Per the 2015 budget of the Board, the expenses of operating the sewer treatment plant are to be shared by the cities in the following percentages for 2015:

Lake Ozark	15.0%
Osage Beach	85.0%

For the year ended December 31, 2015, the percentages actually contributed are as follows:

Lake Ozark	13.2%
Osage Beach	86.8%

D. Professional Services

Professional services expense includes attorney fees paid during 2015 to represent the Board in a matter involving a company's desire to build a quarry near the Joint Sewer Board plant.

**THE JOINT BOARD OF THE LAKE OZARK – OSAGE BEACH
SEWAGE TREATMENT PLANT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

III. OTHER INFORMATION

A. Ownership of Facility

Ownership of the sewage treatment plant and its real and personal property is vested and titled equally in the names of Lake Ozark and Osage Beach as tenants in common.

Costs incurred in building the facility and related equipment were paid directly by the cities of Lake Ozark and Osage Beach.

B. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally by the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the government expects such amounts, if any, to be immaterial.

C. Litigation

Management believes there are no outstanding matters which will have a material effect on the financial statements of the Board.

D. Commitments

The Board has a contract dated November 18, 2008, with Alliance Water Resources, Inc., to provide operation, maintenance and management services for Board facilities for the period January 1, 2009 to December 31, 2013. The agreement was amended January 18, 2011 to allow for reimbursement to the contractor for power costs in excess of benchmark budgeted amounts. The amendment also requires the Board to pay Ameren Missouri power costs directly effective January 1, 2011. A supplemental agreement was made on August 20, 2013 to renew the original agreement and amendment for an additional five years. The new agreement is effective January 1, 2014 and expires December 31, 2018.

**THE JOINT BOARD OF THE LAKE OZARK – OSAGE BEACH
SEWAGE TREATMENT PLANT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

III. OTHER INFORMATION (continued)

E. Risk Management

The Board is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Board carries commercial insurance.

F. Consideration of Subsequent Events

Subsequent events have been evaluated through June 2, 2016, which is the date the financial statements are available to be issued. No events requiring disclosure were identified as a result of this review.

Board of Directors
The Joint Board of the Lake Ozark - Osage Beach
Sewage Treatment Plant
Osage Beach, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of The Joint Board of the Lake Ozark - Osage Beach Sewage Treatment Plant (the "Board"), as of and for the year ended December 31, 2015 and the related notes to the financial statements, which collectively comprise the Board's basic financial statements and have issued our report thereon dated June 2, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether The Joint Board of the Lake Ozark - Osage Beach Sewage Treatment Plant's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
